The screenshot displays a web application for managing students. At the top, there is a 'Create new Student' button. Below it, a list of three student cards is shown. Each card includes a profile picture, the student's name, location, and gender, along with edit and delete icons. The first card is for 'Tennur Tasim' with a placeholder image. The second is for 'Tanju Tasim' and the third for 'Tasim Tasim', both with actual photos. Below the list are two forms: 'Create new Student' and 'Edit Student'. Both forms have identical fields: First Name, Last Name, State Name, City Name, Country Name, Pincode Number, and a gender selection (Female, Male, Other). The 'Create' form has 'Create' and 'Cancel' buttons, while the 'Edit' form has 'Update Student' and 'Cancel' buttons. The 'Edit Student' form is pre-filled with data for 'Tennur Tasim' from Ruse, Bulgaria, with pincode 186206 and gender Male.
